BUSINESS OPPORTUNITIES

JUST A MINUTE!—Do you realize that I am making it possible for you to own a share of stock in a corporation that has made the world's achievements look like "child's play?"

It is not money I want—I have enough of that to demonstrate the possibilities of this business. It is the people who know me as a capable income tax expert—and have generously given me their strongest seal after year after year.

Any client of mine may buy a share of stock in the American Hydro-Motors Company, which is now driving a large passenger car from Detroit to Washington equipped with this wonderful motor that will revolutionize the automobile industry.

Do you want such an industry in this community? If so, one thousand shares would not stand around saying it can't be done. We are doing it. LORENZO G. WARFIELD, Secretary, Catholic University, Albert Hall, Brookland, D. C.
